

## Ovzon receives order from new European customer within NATO

Ovzon has received a 12-month order from the ministry of defense of a European NATO country. The order is for Ovzon's SATCOM-as-a-Service including high-performing satellite network, both Ovzon T6 and Ovzon T7 mobile satellite terminals, and dedicated customer support. The order value amounts to 1.7 MUSD and service will start immediately.

"We are honored to serve a new European country and another NATO member nation at this time of heightened geopolitical uncertainty. As Europe strengthens its collective defense posture, Ovzon's unique integrated mobile satellite communication solutions with built in resiliency are a key factor and enabler for mission critical customers within defense, national security and public safety", says Per Norén, CEO of Ovzon.

**About Ovzon**

Ovzon offers world-leading integrated mobile satellite communications services, SATCOM-as-a-Service, to customers globally. The services combine high throughput satellite networks, mobile satellite terminals, gateway services, and dedicated customer support. Ovzon's offerings meet the growing demand for mission critical connectivity for customers with high performance, mobility and resiliency requirements such as Defense, National security and Public safety. On July 5, 2024, commercial service commenced on Ovzon's proprietary developed geostationary satellite Ovzon 3. Ovzon has offices in Stockholm, Sweden as well as Herndon, VA and Tampa, FL in the USA. Ovzon is listed on Nasdaq Stockholm Small Cap. For more information, visit [www.ovzon.com](http://www.ovzon.com).
