Gränges appoints Christina Friberg as Senior Vice President Sustainability

Christina Friberg has been appointed Senior Vice President Sustainability at Gränges. Christina will be a member of the Group Management Team and will report to Jörgen Rosengren, Gränges' President and CEO.

Christina Friberg holds a Master of Laws degree from Uppsala University. Most recently, she served as EVP & Head of Sustainability at the global steel company SSAB, which included the strategic responsibility for sustainability issues as well as coordination of the company's sustainable offerings, ethics and compliance, health and safety, and human rights. Previously, she was VP Sustainability at Sandvik and has worked at several international organizations both in Sweden and abroad.

"I am very pleased indeed to welcome Christina to the Gränges Group. Her broad background and strong knowledge in the field of sustainability, both in general and in industrial companies, and her solid international business experience will strengthen our company and our Group Management Team," said Jörgen Rosengren, President and CEO, Gränges.

"As a leading company in the aluminium industry, Gränges has a strong position and sustainability agenda. I look forward to contributing to Gränges' Group Management and to driving sustainable development for Gränges and the industry at large together with other colleagues in the company," says Christina Friberg.

Christina Friberg will be based in Stockholm, Sweden, and join the company in September 1, 2025.
