

Elekta to become new issuer in the Swedish commercial paper market

STOCKHOLM – Elekta (EKTA-B.ST) has access to cost-effective and diverse financing. To further expand the range of available funding options, Elekta continuously reviews opportunities to utilize other sources of funding on the credit market. The company will therefore launch a Swedish commercial paper program in June 2024.

The commercial paper market is an established source of short-term financing for maturities of up to 12 months. The program is aimed primarily at increasing financing flexibility in short-term liquidity management. Danske Bank is the arranger and is also an issuing agent, together with SEB.
