

CLIMEON HOSTS SHAREHOLDERS FOR ANNUAL GENERAL MEETING

PRESS
RELEASE

Climeon welcomed shareholders to the company's headquarters in Kista in connection with the Annual General Meeting held on 18 May 2026. The event brought together both long-standing and new shareholders following the strong interest in Climeon's recently completed directed share issue. In addition to the AGM proceedings, attendees had the opportunity to meet with Climeon's board and management team and visit the company's production and testing site, where ongoing development work and HeatPower 300 systems being prepared for customer deliveries were showcased.

The AGM was also attended by Climeon's newly elected Chairman of the Board, Kent Sander, and newly elected board member Olle Bergström, who both met with shareholders during the event.

"It was very rewarding to welcome both existing and new shareholders to Kista and to share Climeon's technology, operations and ongoing development. We greatly appreciate the continued confidence and engagement from our owners," said Lena Sundquist, CEO of Climeon.

Images from the day, including the new board members and the shareholder visit to the testing site, are included below.

About Climeon AB

Climeon is a Swedish product company operating within the energy technology sector. Climeon's proprietary technology, the Climeon HeatPower system, uses an Organic Rankine Cycle (ORC) process to convert low-temperature heat into clean, carbon free electricity. Providing access to dependable and cost-effective sustainable power, HeatPower enables industries to increase energy efficiency, decrease fuel consumption, and reduce emissions. As a non-weather-dependent source of green energy, HeatPower has the potential to diversify and safeguard the renewable energy mix and, therefore, accelerate the global transition to a net-zero future. Climeon's B shares are listed on the Nasdaq First North Premier Growth Market. FNCA Sweden AB is a Certified Adviser. Learn more at [climeon.com](https://www.climeon.com).
