

Toadman fully unveils its upcoming title, Evil V Evil

Today, EG7s Game studio Toadman Interactive fully unveils its upcoming title, Evil V Evil. In this ultimate vampire power fantasy, players become the hunter and carve a bloody path of destruction in this fast-paced cooperative first-person shooter. Evil V Evil is coming to PlayStation 5, Xbox Series X/S, and PC via Steam this summer for USD 19.99.

The only way to fight evil is to become evil, so players must give in to their vampiric urges, and cause bloody Armageddon across Evil V Evil's rich story campaign, which features 11 episodic missions for 1 to 3 players.

A closed beta is scheduled to begin on March 1, giving players an early look at Evil V Evil's frenetic and bloody combat. Registration details for the closed beta are available on the Steam page [here](#).

Assets are available for download [here](#).
