

## **FlexQube receives follow up AGV order from customer in Mexico**

FlexQube has received a new order for Automated Guided Vehicles (AGVs) from an existing customer in Mexico, a prominent Tier 1 supplier for the automotive industry. The order, valued at approximately USD 200 000, follows previous deliveries of AGVs that are already in use at two of the customer's facilities in Mexico.

The new AGV units will be delivered in the fourth quarter of 2025.

### **About FlexQube**

FlexQube is a technology company headquartered in Gothenburg, Sweden with subsidiaries in USA, Mexico, Germany and England. FlexQube offers solutions for cart-based material handling using a patented modular concept. FlexQube develops and designs customized solutions for both robotic and mechanical cart logistics. Through the own developed and unique automation concept FlexQube can offer robust and self-driving robotic carts. FlexQube has more than 1200 customers in 40 countries with primary markets being North America and Europe.

FlexQube's customers can be found within the manufacturing industry, distribution- and warehousing. We represent some of the most successful companies in the world with a significant share being represented on the Fortune 500 list. These companies exist within automotive, electric vehicle manufacturing, online retail, heavy-duty trucks, industrial automation and retail logistics.
