About Us

Founded in 2018, Voi is a Swedish micromobility company offering e-scooter and e-bike sharing in partnership with towns, cities and local communities. We believe e-scooters and e-bikes can play a central role in changing how people move in our towns and cities in the future. We want to ensure that the micromobility transformation happens the right way - through real innovative technology, open and transparent dialogue with towns, cities and governments and by adapting our products to local needs. Voi's holistic Environmental Action Plan tackles emissions and promotes renewable energy use and circularity along its supply chain.

Voi operates over 150,000 vehicles in over 110 towns and cities across 12 countries. It is headquartered in Stockholm and employs around 1,000 people. To date, Voi boasts more than eight million riders and has served more than 375 million rides.
