About Salmon Evolution

Salmon Evolution is the global leader within land-based salmon farming. Pioneering the hybrid flow-through system (HFS), Salmon Evolution is Extending the Ocean Potential by creating optimal growth conditions in a controlled environment on land. This approach, capturing the benefits of both land-based and sea-based farming, puts biology first and limits operational and biological risk.

Salmon Evolution is strategically located the heart of the global aquaculture industry on the west coast of Norway, where the Company has its first facility and global centre of excellence fully operational at industrial scale. Enabled by the proof of concept in Norway, Salmon Evolution targets significant international expansion.

Salmon Evolution is listed on Oslo Børs under the ticker SALME. To learn more, please visit www.salmonevolution.no.
