## **About Northgold**

*Northgold is a Swedish-listed gold exploration and development Company focused on advancing multiple, co-located, resource-stage projects in the Middle Ostrobothnia Gold Belt (MOGB) of Central Finland, including the Kopsa Gold-Copper project, the Kiimala Trend Gold project, and the Hirsikangas Gold project. The Company strives to grow its gold mineral resources, make new gold discoveries, and ultimately extract gold from these under-explored areas in Central Finland. Visit [www.northgoldab.com](http://www.northgoldab.com) for more information. Augment Partners AB, tel. +46 8-604 22 55 [info@augment.se](mailto:info@augment.se), is acting as the Company's Certified Adviser.*
