

BIOFISH HOLDING AS – New sales agreement increases volume for 2025

Ljones, 17 March 2025: BioFish has signed an agreement with an existing customer for the delivery of a total of ~120 tons post-smolt in July 2025.

BioFish will receive approximately ~25 tons of smolt in April 2025 from the same customer, and this smolt will in turn be delivered back to this customer at an agreed time.

Upon delivery, the post-smolt will amount to a total volume of ~120 tonnes, which comes in addition to the annual volume of 900-1,100 tons expected for 2025. The contract has been secured under favourable market terms.
