Item 13. Resolution on approval of the Board of Directors' Remuneration Report 2025

The Board of Directors proposes that the AGM approves the Board of Directors' report in accordance with Chapter 8. Section 53 a of the Swedish Companies Act on remuneration to senior executives.

Item 14. Resolution on the establishment of incentive program 2026/2029 through the issue of warrants to subsidiary and approval of the transfer of warrants to employees

The Board of Directors proposes that the AGM resolves on the establishment of incentive program 2026/2029 through a directed issue of warrants in the Company and transfer of warrants to certain key employees in the Group on the below terms ("**Incentive Program 2026/2029**").

The issue of the warrants shall, with deviation from the shareholders' preferential rights, be directed to the wholly owned subsidiary, Green Landscaping Incentive AB, reg. no. 559148–3242, (the "**Subsidiary**"). The warrants shall be issued without consideration. The Subsidiary has the right to subscribe for the warrants with the right and obligation for the Subsidiary to offer the Company's CEO and executive management and certain key employees (the "**Management**") to acquire the warrants for consideration on the terms set out below

A. Issue of warrants to the Subsidiary

The Board of Directors proposes that the AGM resolves on an issue of a maximum of 500,000 warrants of series 2026/2029.

The right to subscribe for the warrants shall, with deviation from the shareholders' preferential rights, be exclusively available to the Subsidiary.

The warrants shall be issued without consideration. Each warrant entitles the holder to subscribe for one (1) new share in the Company.

The warrants shall be subscribed for on a separate subscription list no later than May 29, 2026. The Board of Directors is authorised to extend the subscription period.

The subscription price for a share when exercising a warrant shall be 120 percent of the volume-weighted average price for the Company's share on Nasdaq Stockholm during the period May 8, 2026 to May 15, 2026, but not below the share's quota value. If the subscription price exceeds the previous shares quota value, the excess amount (premium) shall be recognised under the unrestricted share premium reserve in the Company's balance sheet.

The warrants can be exercised by notification of subscription for new shares during the period May 18, 2029 to May 31, 2029.

Shares subscribed for by way of warrants entitles to dividend for the first time on the record date for dividend that falls immediately after the subscription has been executed.

The maximum number of additional shares, notwithstanding any recalculation in accordance with the warrant terms, is estimated to amount to a maximum of 500,000 shares corresponding to 0.87 percent of the total number of shares in the Company, provided full subscription and full exercise of all warrants. Provided full subscription and full exercise, the increase in the share capital will amount to a maximum of SEK 35,500.00.

The reason for deviating from the shareholders' preferential rights is that the Company wishes to promote the Company's long-term interests by providing Management with a well-considered incentive program, which gives them the opportunity to take part in a positive value development in the Company.

B. Approval of transfer of Warrants to Management

The Board of Directors proposes that the AGM resolves to approve that the Subsidiary may transfer a maximum of 500,000 warrants in the Company of the series 2026/2029 to the Management, or otherwise dispose of the warrants to fulfil the commitments in connection with Incentive Program 2026 /2029.

The right to acquire warrants within Incentive Program 2026/2029 shall be offered to the following categories:

Category	Maximum number of warrants for the category
The Company's CEO (maximum one person)	200,000
Others in the executive management and key employees (maximum 14 people)	500,000

Persons within the category *Others in the executive management and key employees* may be offered to acquire a maximum of 60,000 warrants per person. If warrants within a certain category remain, after all applications within the category have been satisfied, the remaining number may be allocated to participants in the same or another category, whereby the Board of Directors shall determine the distribution based on category affiliation, staff category and the number of applied warrants. Such distribution may not, however, exceed the maximum number of warrants per person or category.

The warrants shall be transferred to the Management at a price corresponding to the estimated market value at the time of the transfer using Black & Scholes or another accepted valuation model.

The warrants shall be transferred to the Management no later than before the 2027 AGM, after which non-transferred warrants shall be cancelled.

Assuming that the value of the Company's share at the time of the valuation of the warrants amounts to SEK 41.65, that the exercise price amounts to SEK 50.24, a term of 3 years, a risk-free interest rate of 2.27 percent, a volatility of 28 percent, no expected dividend during the term and an illiquidity discount of 30 percent, the value per warrant will be SEK 4.30. The final valuation of the warrants will take place in connection with the participants' acquisition of the warrants and will be based on market conditions prevailing at the time.

Upon full subscription at a price corresponding to the estimated value set out above, the Company receives a total payment of approximately SEK 2,150,000. In the event of full exercise of the warrants and at an assumed subscription price of SEK 50.24, the Company will additionally receive issue proceeds of approximately SEK 25,120,000.

The reason for deviating from the shareholders' preferential rights is that the Company wishes to promote the Company's long-term interests by providing the Management with a well-considered incentive program, which gives them the opportunity to take part in a positive value development in the Company.

A valid resolution for this item requires that the proposal is supported by shareholders with at least nine-tenth of both the votes cast and the shares represented at the meeting.

Item 15. Resolution regarding authorisation for the Board of Directors to increase the share capital through issues of shares and/or convertible instruments

The Board of Directors proposes that the AGM authorises the Board of Directors to, on one or more occasions during the period until the next AGM, with or without deviation from the shareholders' preferential rights, resolve to issue new shares and/or convertible instruments which entails issue or conversion of at most as many new shares as at the time of the first issuance under this authorisation corresponds to 10 percent of the total share capital in the Company.

The objective of the authorisation and the reason for the potential deviation from the shareholders' preferential rights is to enable new issues to be made in a time effective manner in order to finance acquisitions or investments in new or existing operations. A new share issue or issue of convertible instruments through the exercise of this authorisation shall upon deviation from the shareholders' preferential rights be made at a subscription price corresponding to the market price based on the market terms at the time of the new issue of the shares and/or the convertible instruments. Payment for subscribed shares and/or convertible instruments may be made in cash, in kind or through set-off.

A valid resolution for this item requires that the proposal is supported by shareholders with at least two-thirds of both the votes cast and the shares represented at the meeting.

Item 16. Resolution regarding authorisation for the Board of Directors to acquire and transfer own shares

The Board of Directors proposes that the AGM authorises the Board of Directors to, during the period until the next AGM, on one or more occasions, resolve on acquisition and/or transfer of the Company's shares on essentially the following terms.

Acquisitions may be made of so many shares that the Company's holding does not exceed 10 percent of all shares in the Company. Acquisitions shall take place on Nasdaq Stockholm and in accordance with Nasdaq Stockholm's rulebook for issuers on the main market. Acquisitions of shares shall be made in compliance with the price restrictions set out in Nasdaq Stockholm's rulebook for issuers on the main market, which stipulates that shares may not be acquired at a price higher than the higher of the price of the last independent trade and the highest current independent purchase bid on the trading venue where the purchase is carried out. Acquisitions may not be made at a price lower than the lowest price at which an independent acquisition may take place.

Transfer of shares may take place on Nasdaq Stockholm, at a price within the prevailing price range at any given time, and outside Nasdaq Stockholm, with or without deviation from the shareholders' preferential rights and with or without provisions on non-cash or set-off rights, and other conditions, to be used as full or partial payment in connection with the acquisition of a company or business. The transfer may involve all or parts of the Company's holding of own shares at the time of the Board of Directors' resolution.

The purpose of the authorisation is to give the Board of Directors the opportunity to adapt and improve the capital structure of the Company in order to create increased value for shareholders and to be able to transfer shares in connection with the financing of any company and business acquisitions by payment in whole or in part with the Company's own shares. In the latter case, the Company may, for example, be able to use its own shares to acquire companies by using the shares as payment and thereby create increased shared interest between the seller and the Company in the continued operations, without resulting in dilution for existing shareholders.

A valid resolution for this item requires that the proposal is supported by shareholders with at least two-thirds of both the votes cast and the shares represented at the meeting.

Shareholders' right to request information

The Board of Directors and the CEO shall, if requested by any shareholder and if the Board of Directors is of the opinion that it can be done without causing material harm to the Company, at the AGM provide disclosures about conditions that may impact assessment of an item of business on the agenda and about conditions that may impact assessment of the Company's financial situation. The obligation also covers the Company's relationship with another Group company, the consolidated accounts and such matters regarding subsidiaries as referred to in the preceding sentence.

Number of shares and votes in the Company

The total number of shares and votes in the Company at the time of the issuance of this notice is 56,799,575. At the same time, the Company holds 340,600 own shares.

Documents for the AGM

The financial reports, auditor's report, remuneration report, complete proposals and other documents for the AGM will be made available at the Company's office at Biblioteksgatan 25 in Stockholm, Sweden no later than three weeks before the meeting and will be sent free of charge to shareholders who request so and state their postal address.
