

## Indutrade acquires composite component specialist Createc

**Indutrade has signed an agreement to acquire all shares in the German company Createc GmbH & Co. KG, [www.createc.com/eng](http://www.createc.com/eng), with annual sales of approximately EUR 23 million (SEK 250 million).**

Createc designs, manufactures and sells high-performance composite components for medical instruments, sealing solutions, and pump bearing applications. Based on its proprietary composite material platforms, the company addresses mission-critical applications with high regulatory and technical requirements. The product offering includes targeting devices and fixation systems for orthopaedic and trauma applications, specially formulated compounds, O-rings and sealing solutions. Customers are mainly found in the medical technology industry, energy sector and process industry.

Createc was founded in 2006, has 35 employees and is located in Friedrichshafen, Germany. The company has a strong position in its niche and long-lasting relationships with its customers and suppliers.

The closing took place on 2 June and Createc will be included in Indutrade's Business Area Life Science. The acquisition is Indutrade's sixth in 2026 and is expected to have a marginally positive impact on Indutrade's earnings per share.

**About Indutrade**

*Indutrade is an international technology and industrial business group that today consists of over 220 companies in some 30 countries, mainly in Europe. In a decentralised way, we aim to provide sustainable profitable growth by developing and acquiring successful companies managed by passionate entrepreneurs. Our companies develop, manufacture, and sell components, systems and services with significant technical content in selected niches. Our value-based culture, where people make the difference, has been the foundation of our success since the start in 1978. Indutrade's net sales totalled SEK 32.2 billion in 2025, and the share is listed on Nasdaq Stockholm in Sweden.*
