Resolution on authorization for the Board of Directors regarding new share issues of ordinary shares

The Annual General Meeting resolved in accordance with the proposal from the Board of Directors to authorize the Board of Directors to, at one or several occasions, during the time up until the next Annual General Meeting, with or without deviation from the shareholders' preferential rights, resolve to issue ordinary shares. A new issue should be able to be made with or without provisions regarding contribution in kind, set-off or other conditions. The total number of ordinary shares issuable pursuant to the authorization shall not exceed 10 per cent of the total number of existing shares in the company at the time of the Annual General Meeting. In case the Board of Directors, prior to exercising this authorization to issue ordinary shares, also has exercised the authorization to transfer own ordinary shares in accordance with the authorization regarding transfer of ordinary shares, the number of ordinary shares that may be issued under this authorization shall however be reduced with the corresponding number of ordinary shares that have been transferred under the transfer authorization. In case the authorization is used for a new issue with deviation from the shareholders' preferential rights, the subscription price shall be on market terms (subject to customary new issue discount, as applicable). The purpose of the authorization is to be able to carry out and finance acquisitions of companies and assets and to give the Board of Directors increased room for manoeuvre and the opportunity to adapt and improve the company's capital structure.

Resolution on authorization for the Board of Directors regarding repurchase and transfer of own ordinary shares

The Annual General Meeting resolved in accordance with the proposal from the Board of Directors to authorize the Board of Directors to, at one or several occasions, during the time up until the next Annual General Meeting, resolve on repurchase of own ordinary shares of a maximum amount so that the company's shareholding does not exceed 10 per cent of the total number of shares in the company at any given time. Share repurchase shall be made on Nasdaq Stockholm and/or Nasdaq Copenhagen in accordance with the rules regarding repurchase of own shares at the respective exchange at a price per share within the registered price interval at any given time, meaning the interval between the highest purchase price and the lowest selling price. Payment for the shares shall be made in cash.

Furthermore, the Board of Directors is authorized to, at one or several occasions, during the time up until the next Annual General Meeting, resolve on transfer of own ordinary shares. Transfers may be made on Nasdaq Stockholm and/or Nasdaq Copenhagen in accordance with the rules regarding transfer of own shares at the respective exchange at a price per share within the registered price interval at any given time, meaning the interval between the highest purchase price and the lowest selling price. Transfers may also be made in other ways, with or without deviation from the shareholders' preferential rights, against cash payment or payment by set-off or contribution in kind, or other conditions. For transfers outside of Nasdaq Stockholm or Nasdaq Copenhagen, the price shall be set so that the transfer is made at market terms. The maximum number of own ordinary shares that may be transferred shall not exceed 10 per cent of the total number of existing shares in the company at the time of the Annual General Meeting. In case the Board of Directors, prior to exercising this authorization to transfer own ordinary shares, also has exercised the authorization to issue ordinary shares in accordance with the authorization regarding new share issues of ordinary shares, the number of ordinary shares that may be transferred under this authorization shall however be reduced with the corresponding number of ordinary shares that have been issued under the new share issue authorization.

The purpose of the authorization to acquire own ordinary shares is partly to enable the company to adapt its capital structure to its capital needs over time, and thereby contribute to an increased shareholder value, partly to enable the company to finance acquisitions with its own ordinary shares, as well as to secure the company's undertakings in respect of long-term incentive programs, including hedging of costs for social security contributions. The purpose of the authorization to transfer own ordinary shares is to enable the company to carry out and finance acquisitions of companies and assets, to give the Board of Directors an increased room for

manoeuvre and the opportunity to adapt and improve the company's capital structure.

Resolution on implementation of a long-term incentive program by way of (A) implementation of a performance-based share program; (B) authorization on directed issues of series C shares; (C) authorization on repurchase of series C shares; and (D) resolution on transfer of own ordinary shares

The Annual General Meeting resolved in accordance with the proposal from the Board of Directors to implement a long-term incentive program in the form of a performance-based share program for the company's CEO, Group Management and key employees ("LTI 2024"). LTI 2024 means that approximately 87 participants will be offered the possibility to participate in a performance-based share program. Provided that certain performance targets are met or exceeded, participants in LTI 2024 shall be given the opportunity to receive ordinary shares in the company free-of-charge ("Performance Shares"). The maximum number of Performance Shares that may be issued under LTI 2024 amounts to 1,000,000, which corresponds to a dilution of approximately 1.48 per cent of the company's ordinary shares, calculated on the number of ordinary shares that will be added upon full issuance of Performance Shares in connection with LTI 2024, and with the assumption that the relevant number of series C shares will be converted to ordinary shares prior to delivery to participants in LTI 2024.

In order to secure the company's delivery of Performance Shares to the participants under LTI 2024, the Annual General Meeting also resolved to (i) authorize the Board of Directors to resolve on directed issues of series C shares, whereby the new shares, with deviation from the shareholders' preferential rights, only may be subscribed for by a bank or a securities company at a subscription price which corresponds to the quota value of the shares; (ii) authorize the Board of Directors to resolve to repurchase own series C shares; and (iii) approve transfer of own ordinary shares to the participants under LTI 2024.
