Agenda item 14; Resolution on the Nomination Committee of the Company for the Annual General Meeting of 2021

The Nomination Committee proposes that the Meeting approves the principles for appointing the Nomination Committee for the next annual general meeting in accordance with the following.

The Nomination Committee shall consist of five members. The Chairman of the Board of Directors will contact the four largest shareholders in terms of votes based on Euroclear Sweden AB's list of registered shareholders on the last business day of August each year, or which by other means can be identified as one of the four largest shareholders. The four largest shareholders will each be given the opportunity to elect one representative to form the Nomination Committee along with one of the members of the Board of Directors who is independent in relation to the Company's management. If any of these shareholders chooses to waive its right to elect a representative, such right is transferred to the shareholder who, after these shareholders, has the largest share ownership. The Nomination Committee's term of office extends until a new Nomination Committee is appointed.

Unless the members agree otherwise, the Nomination Committee will be chaired by the member who represents the largest shareholder in terms of votes. However, a member of the Board of Directors shall not be Chairman of the Nomination Committee. The majority of the members of the Nomination Committee are to be independent of the Company and its management. Neither the Chief Executive Officer, nor other members of the management, are to be members of the Nomination Committee. At least one member of the Nomination Committee is to be independent of the Company's largest shareholder in terms of votes or any group of shareholders who act in concert in the governance of the Company. Members of the Board of Directors shall not constitute a majority of the Nomination Committee. If more than one member of the Board of Directors is on the Nomination Committee, no more than one of these members of the Board of Directors may be dependent of a major shareholder of the Company.

The Chairman of the Board of Directors shall convene the Nomination Committee's first meeting. Fees are not to be paid to the members of the Nomination Committee. As required, the Company shall be responsible for reasonable costs for external consultants that the Nomination Committee deems necessary to perform its work.

The composition of the Nomination Committee will be announced via a separate press release as soon as the Nomination Committee has been appointed, and no later than six months prior to the annual general meeting. Information will also be made available on the Company's website, which shall also

explain the manner in which shareholders submit proposals to the Nomination Committee. Members of the Nomination Committee must relinquish their places on the committee if the shareholder who originally appointed them is no longer one of the four largest shareholders, following which new shareholders, in order of the size of their holding, will be offered the opportunity to elect a member. Only ten shareholders need to be approached in turn. However, unless there are exceptional circumstances, no changes will be made to the composition of the Nomination Committee if only minor changes to voting rights have taken place, or if the change occurs later than three months prior to the annual general meeting. If a member of the Nomination Committee steps down voluntarily from the committee before its work is completed, the shareholder who elected that member must appoint a successor, provided that the shareholder is still one of the four largest shareholders in terms of votes that are represented in the Nomination Committee. The Nomination Committee is entitled, if deemed appropriate, to co-opt members appointed by shareholders who became one of the four shareholders with the largest holdings in the Company after the Nomination Committee was formed, and who are not already represented on the Nomination Committee. Such co-opted members do not participate in the decisions of the Nomination Committee.

The tasks of the Nomination Committee shall be to prepare, for the next annual general meeting, proposals in respect of the number of members of the Board of Directors, remuneration to the Chairman of the Board of Directors, the other directors of the Board of Directors and the auditors, respectively, remuneration, if any, for committee work, the composition of the Board of Directors, the Chairman of the Board of Directors, principles for appointing the Nomination Committee, Chairman at the annual general meeting and election of auditors.

Agenda item 15; Resolution on guidelines for remuneration of senior management

The Board of Directors proposes that the Meeting approves the guidelines for remuneration of senior management for the period until the next annual general meeting in accordance with the following. The senior management refers to the CEO and the management team of RGH (the “**Senior Management**”). These guidelines are also to be applied for any compensation to members of the Board of Directors employed by the Company and what is said regarding Senior Management shall, to the extent applicable, also apply for members of the Board of Directors employed by the Company.

The objective of these guidelines is to ensure that the Company can attract, motivate and retain senior executives with the expertise and experience required to achieve the Company’s operating goals. The remuneration offered by the Company shall be competitive and in line with market practice as well as aligned with shareholders’ interests. Remuneration to Senior Management shall consist of a fixed salary with an option to add a variable salary for those members of the Senior Management who do not sit on the Board of Directors. It is intended that these components will create a well-balanced remuneration reflecting individual competences, responsibilities and performance, both short-term and long-term, as well as the Company’s overall performance.

Fixed salary

The Senior Management’s fixed salary shall be competitive and based on the individual manager’s competences, responsibilities and performance. A review of the fixed salary shall be carried out on an annual basis for each calendar year.

Variable compensation

Senior Management, but not members of the Board of Directors employed by the Company, may receive variable remuneration in addition to the fixed salary.

The annual variable remuneration will be cash-based and shall be based on predetermined and measurable performance criteria of the relevant manager for the purpose of promoting the Company's long-term value creation. The pre-set performance criteria are to be established and documented annually. Depending on the level of performance achieved, annual variable remuneration can vary from no variable payment up to seventy percent of the annual base salary.

Incentive programs

From time to time the Board of Directors may propose for the general meeting to resolve on a long-term incentive program. The Board of Directors has proposed for the annual general meeting 2021 to adopt a new incentive program (as described in greater detail under Agenda item 16 below).

Other benefits

The Company also provides other benefits to the Senior Management in accordance with local practice. Such benefits can, for example, include pension schemes, company health care and, more rarely, housing and travel allowances and school fees.

Notice of termination

The maximum notice of termination period in any managers contract is nine months during which time payment of salary will continue.

Deviations from the guidelines

The Board of Directors is entitled to depart from these guidelines in special circumstances. In the event of any major departure, the shareholders will be informed of the reason at the following annual general meeting.

Agenda item 16; Resolution on the adoption of a long-term incentive program for senior management staff members and other employees within Raketech Group Holding P.L.C. or its subsidiaries

The Board of Directors proposes that the Meeting resolves to implement a long-term incentive program for senior management staff members and other employees within the Company or its subsidiaries (the "**2021 ESIP Program**").

The 2021 ESIP Program is comprised of share options which the participants are entitled to exercise to subscribe for shares in the Company during a period of six months starting three years from the allocation to the respective participant (the "**Exercise Period**"). The share options will vest for three years from the allocation to each participant, whereby 1/3 will vest after the first year, an additional 1/3 after the second year and the remaining 1/3 will vest after the third year. The vesting is subject to the participant's continuous employment or assignment by RGH.

It is proposed that the 2021 ESIP Program will comprise not more than in aggregate 561,204 share options which may entitle to the same number of new shares, corresponding to not more than approximately 1.5 per cent of the share capital and votes of the Company.

General terms and conditions

The Company will satisfy its obligations under the 2021 ESIP Program through the issuance of new shares following the exercise of share options by participants in the 2021 ESIP Program. All of the

rights attached to the Company's shares are set out in the Company's Memorandum and Articles of Association.

The Directors shall be entitled to make adjustments to the 2021 ESIP Program if significant changes in the Company, or its markets, result in a situation where the decided terms and conditions for exercising the share options are no longer appropriate. Further, in case of special circumstances, the Directors shall be authorised to resolve that share options may be exercised and/or kept, as applicable, despite the fact that the employment or assignment in RGH (or any of its subsidiaries) has ceased, for example due to long-term illness.

The 2021 ESIP Program will be implemented and initial allocations will take place to participants as soon as practicable following the decision at the Annual General Meeting 2021. Any subsequent allocations under the 2021 ESIP Program, shall be made as soon as practicable following the publication of the Company's quarterly reports, as applicable, using measurement periods starting the date after the publication of any such reports, as applicable. The last day for allocating share options under the 2021 ESIP Program shall be the day prior to the Annual General Meeting 2022.

Exercise price

Each share option entitles the holder to acquire one share in the Company at an exercise price corresponding to 130 per cent of the volume-weighted average price of the Company's share as quoted on Nasdaq First North Growth Market during a period of 10 trading days calculated as from and including 12 May 2021.

Terms and conditions

The participants will be allotted a certain number of share options free of charge. The Directors shall, within the framework of the above stated conditions and guidelines, be responsible for the invitation for acquisition of, entering into an agreement regarding and preparing the detailed terms and conditions of the 2021 ESIP Program including the requirement of continued employment or assignment. The share options may not be transferred or pledged.

Recalculation due to split, consolidation, new share issue, etc.

The exercise price for the shares, determined as set out above, shall be rounded to the nearest SEK 0.1, whereby SEK 0.05 shall be rounded downwards. The exercise price and the number of shares that each share option entitles to subscription for shall be recalculated in the event of a split, consolidation, new share issue, dividend, etc. in accordance with Swedish market practice. If the maximum number of share options under the 2021 ESIP Program are exercised, the share capital will increase by EUR 1122.408.

Allocation of share options

The 2021 ESIP Program is proposed to comprise a maximum of 25 participants who are proposed to be allotted share options. The Company shall not issue more than 561,204 share options in total. The maximum allocation per person shall be 325,000 to the CEO ("**Category 1**"), 125,000 to senior management staff members ("**Category 2**"), and 30,000 to other key stakeholders and employees ("**Category 3**"), as applicable. The Directors shall decide which senior management staff members and other employees are to be included in the 2021 ESIP Program based on their qualification and individual performance.

Category	Maximum number of persons	Maximum number of options	Maximum number of options per person within the category
Category 1	1	325,000	325,000
Category 2	8	550,000	125,000
Category 3	16	480,000	30,000

Board members shall not be eligible to participate in the 2021 ESIP Program.

The rationale for the proposal

The Company shall offer remuneration in accordance with market practice which enables the recruitment and retention of qualified personnel. Remunerations within the Company shall be based on principles of performance, competitiveness and fairness. Share based incentive programs may be offered as part of the total compensation package. The Directors are of the opinion that the 2021 ESIP Program is in the best interest of both the Company and its shareholders. The rationale for the 2021 ESIP Program is to achieve a greater alignment of interests between the participants and the shareholders, to create conditions for retaining and recruiting competent persons to the Company and to increase the motivation among the participants in order to maintain and sustain the growth of the Company.

Costs

The costs for the 2021 ESIP Program are estimated to amount to approximately EUR 270,000 (it should be noted that no social security costs are expected under current Maltese tax rules) calculated in accordance with IFRS 2. The costs have been estimated based on a share price of SEK 18.5 at the time of the start of the program and that full allocation and maximum outcome will apply. The costs are expected to have a limited effect on the Company's key ratios.

Dilution and information about current outstanding incentive programs

Upon maximum allotment of share options, 561,204 shares can be allotted under the 2021 ESIP Program, meaning a dilution of approximately 1.5 per cent of the number of shares and votes in the Company. Currently, the Company has two active incentive programs to certain key employees outstanding which was adopted in 2019 and 2020. Considering the shares which may be issued pursuant to the outstanding incentive programs in the Company, the maximum dilution, including all three programs, if ESIP 2021 is decided at the Meeting and fully allotted, can amount to 4.22 per cent.

For more information regarding the Company's current outstanding incentive program, please see the Company's Annual Report for 2020, which will be made available on the Company's website, www.raketech.com.

Preparations of the proposal

The Directors of the Company and the Remuneration Committee have prepared the 2021 ESIP Program. The 2021 ESIP Program has been reviewed by the Directors and by the Remuneration Committee at meetings in March 2021.

Majority Requirement

A resolution to approve the 2021 ESIP Program is valid only where supported by shareholders holding more than 50 per cent of the voting rights attached to shares represented and entitled to vote at the Meeting.

Other

The Company has 37,413,633 shares issued as of the date of this notice (one vote per share).

Except as otherwise provided in this Notice, all supporting documentation mentioned in this Notice and a copy of the Company's proposed amendments to its Memorandum and Articles of Association are available at the Company's website (www.raketechnology.com) as at the date of this Notice. The Consolidated Financial Statements (Annual Report) of the Company for the year ended 31 December 2020 together with the Directors' Report, the Auditor's report and the terms and conditions for the share options will be available on the Company's website (www.raketechnology.com) no later than on 14 April 2021.
