

Bergman & Beving acquires Collinder

Bergman & Beving has today acquired all shares in Collinder Märksystem AB, a leading company within safety and industrial signage. The company is situated in Lomma, Sweden, has 23 employees and a turnover of approximately MSEK 60 with good profitability.

"Through the acquisition of Collinder we strengthen our position within the safety and industrial signage, a niche where we already are present with companies in Sweden, Norway and Denmark. With the acquisition of Collinder we primarily strengthen our leading position in Sweden", says Eric Persson, Head of Division Safety Technology.

"With a sense of positivity and confidence, and after more than 50 years of being part of the Collinder family, we now pass the ownership of Collinder over to Bergman & Beving. Bergman & Beving has during a long period of time proven its ability to build and develop companies in an industrial sound manner. This deal is good for Collinder and consequently also for its customers", says former majority owner Björn Collinder, who will continue as Director of the Board.

Collinder will be part of the Division Safety Technology and closing will take place with immediate effect. The acquisition is expected to have a marginally positive impact on Bergman & Beving's earnings per share during the current financial year.
