

Fram Skandinavien AB increases its stake in EveHR from 83% to 85%

Fram Skandinavien AB (the Group) announces that the Group today has increased its ownership interest in EveHR (Fram Venture 9 AB) by acquiring all the shares of three external minority shareholders, together previously holding 2.25% of the shares in EveHR. The purchase of shares was done entirely with cash (approx. 350 TSEK total outflow) and leads to the Group holding 85% of total shares in EveHR post-transaction.

The transaction was done at a total company valuation of 1.4 mUSD for EveHR. This transaction price is ca. 40% below the latest reported NAV for EveHR. Hence, in line with set valuation principles, the Group will be marking down its entire shareholding in EveHR to this most recent arm's length transaction valuation in its next NAV report. Albeit deemed an attractive purchase price of the shares for the Group, it will lead to an overall NAV reduction of approx. 8.55 MSEK (i.e. approx. -7% of total NAV).
