About Us
Integrum is a Swedish medical technology company developing solutions to improve mobility and quality of life for people living with limb loss. The company's OPRA™ Implant System is based on osseointegration, whereby a prosthesis is anchored directly to the skeleton without the need for a conventional socket. The system has been used to treat more than 1,000 patients worldwide and is certified under the EU Medical Device Regulation (MDR) and approved by the U.S. Food and Drug Administration (FDA). In parallel, Integrum is developing next-generation bionic solutions focused on intuitive prosthetic control and sensory feedback.

Integrum AB is listed on Nasdaq First North Growth Market (INTEG B). Learn more at www.integrum.se.
