

ZignSec Expands to Hong Kong Through Agreement with AsiaPay

ZignSec has signed an agreement with the award-winning digital payment and technology vendor, AsiaPay, which has been named one of the top growing companies in Asia.

ZignSec's agreement with AsiaPay includes online customer information forms, global ID services, PEP/Sanction checks, document fraudulent checks and a risk-based approached risk engine. With the help of the wide range of services in ZignSec's digital platform, AsiaPay's digital onboarding process for identification can be automated, future proofed for market expansion and provide further improved security when their customers apply for digital payment solutions.

Comment from Timm Schneider, CEO of ZignSec:

"To be able to provide a top growing Asian company with our services for their digitalization, and expansion needs, demonstrates our ever-increasing capacity to grow. Digital disruption and innovation are changing the way we live and do business. Payment providers continue to want a comprehensive onboarding solution to improve risk assessment of customers and better serve them globally. We look forward to a long-term collaboration."

About Zignsec AB

ZignSec is a technology group in the fast-growing RegTech industry. The company provides SaaS platform with digital real-time solutions for customer due diligence and ID verification with global reach. The solutions are used by companies that in turn can optimize their processes for "onboarding" both corporate customers and consumers and at the same time ensure compliance with ever-changing local and global regulatory requirements for Know Your Customer (KYC) and Anti Money Laundering (AML).
