

Diadrom receives an order from Scania for expert consulting on a new generation of communication framework

Diadrom Systems AB, a wholly owned subsidiary of Diadrom Holding AB (publ), is a leading software company that offers services and own products in diagnostics by Autotech, has received an order from Scania CV AB.

The order refers to expert consulting in the area of next generation vehicle network communication technology and diagnostics.

"Diadrom offers expertise and complementary products in diagnostics of Autotech to OEMs and subcontractors in the automotive industry. We are very proud to help Scania and hope for a long productive collaboration" says Carl Johan Andersson, VD, Diadrom.

The value of the order is not significant at this stage, but the management of Diadrom believes that the order is strategically important.
