

## BIOSTOCK PUBLISHES INTERVIEW OF PROLIGHT DIAGNOSTICS CTO STEVE ROSS

BioStock talked to Steve Ross, co-founder of Psyros Diagnostics, which was acquired by Prolight Diagnostics in 2022. He and the other co-founders play a crucial role in steering the continued development of the point-of-care system Psyros. Together, as a team, they have previously navigated the full process of developing a POC system, from conceptualization to market, and completed a successful exit to Novartis in 2012.

### About Us

Prolight Diagnostics AB develops innovative Point-of-Care (POC) systems. These are small, portable instruments and disposable cartridges for performing in-vitro diagnostic (IVD) tests from a drop of blood.

We want to offer the foremost POC systems on the market for quick, reliable diagnosis of acute events. Our launch product will be for the measurement of troponin, to aid in the rule-in and rule-out of myocardial infarction.

The company's share is traded on the NGM Nordic SME marketplace, under the ticker PRLD.
