

## Xplora Technologies AS: Monthly Subscriptions Update November 2025

**As of November 30, 2025, Xplora Technologies has 456k subscriptions, an increase of 125k from November 2024 (331k).**

This month's highlights:

\*Increase of 21k new subscriptions (gross)

\*Net growth of 10k in November compared to 4k in November 2024

This month's subscription update reflects Xplora Technologies' existing activity in the Kids market within the Kids & Youth segment.

On December 3rd, Doro AB expanded its online presence by introducing its connectivity offering in UK. The company now offers Doro phones with subscription services in Norway, Finland, Sweden and UK.

Note: We expect our churn rate to be consistent with historic numbers. Subscriptions include connectivity plans (mobile subscriptions), premium services, B2B service revenues, and service fees for Xplora smartwatches without Xplora mobile subscriptions (Nordics). Xplora has seasonal changes, especially related to Back-to-school and the Festive Season. The net growth in the subscription base will therefore fluctuate throughout the year.
