COMMENTS FROM THE CEO, SEBASTIAN PINOMAA

CHALLENGING TIMES IN THE PREMIUM ALCOHOL BUSINESS CONTINUED

The challenging market environment continued in the third quarter of 2026. The summer was challenging because of poor weather in Finland. The rainy and cold weather had a significant impact on HoReCa sales, but monopoly sales were slightly better versus last year.

We continued the cost-saving and operational improvement measures initiated last year, which contributed to lower expenses in the third quarter compared with the previous quarter.

The operations of the Arctic Blue Showroom Distillery continued to pick up in the third quarter, and the number of tasting events and the limited-edition gins, particularly developed for the on-trade and restaurant segment, increased. The positive interest towards exclusive and handcrafted gins was visible both in the increased sales volumes and the increased orders and inquiries. The production of this year's winter edition gin, Glögg Gin, was also implemented during the third quarter.

The US expansion by the formation of a joint venture aimed at launching and commercializing the long drink product portfolio in the US market has taken much more time than expected. The project is progressing, but there is still work to be done to complete it. We will communicate further on the progress when appropriate.

We will keep our focus on
- Commercialization of our award-winning gins
- Increasing volumes of special editions and events of our own Arctic Blue Showroom Distillery
- Expanding our long drink category on international markets
- Expansion in a new vodka category during H2 2026

Sebastian Pinomaa, CEO

BUSINESS OVERVIEW

SIGNIFICANT EVENTS DURING JULY – SEPTEMBER 2026

SALES

In the period of July – September 2026 sales revenue in reporting currency decreased by 19% compared to the same period in the previous year.

In the Finnish domestic market, the sales in the HoReCa market continued to decrease due to rainy weather during the summer. There was a slight increase in Alko sales compared to previous year.

The Arctic Blue Showroom Distillery has continued to produce and develop new small batch gins. New special editions have been delivered to e.g. Finland's largest restaurant chains NoHo and S-group. New special gins have also been developed for the luxury resorts located in Lapland for the upcoming winter season.

The Arctic Blue Showroom Distillery small batch gins have also been launched in Travel Retail. Viking Line has listed the Glögg Gin for the upcoming winter season and Helsinki Airport the Cucumber Gin.

FINANCIAL OVERVIEW

For January - September

In the period January – September 2026 the Company's revenue of SEK 2 014 thousand decreased by 42% compared to the same period a year earlier (SEK 3 479 thousand) due to lower overall demand for the Company's products.

Expenses for materials and services SEK -1 551 thousand (SEK -2 961 thousand) decreased driven by lower sales volume.

Other external expenses SEK -3 711 thousand (SEK -4 874 thousand) decreased as a result of streamlined operations and improved operational efficiency.

Personnel expenses SEK -2 913 thousand (SEK -5 682 thousand) decreased significantly compared to the same period a year ago due to high one-time expenses recorded in 2025 (incentive programs and personnel restructuring provision) and a lower average number of employees (three employees, compared with six in the corresponding period of the previous year).

Adjusted operating EBITDA (excluding incentive programs and provisions for personnel restructuring costs) was SEK -6186 thousand (SEK -7 910 thousand).

EBITDA and EBIT were SEK -6 160 thousand (-10 039 thousand) and SEK -7 148 thousand (-11 088 thousand).

The net result for January – September was SEK -8 940 thousand (-12 602 thousand).

For July - September

In the period July – September 2026 the Company's revenue of SEK 959 thousand decreased by 19% compared with the same period a year ago (SEK 1 188 thousand) and was 25% lower than in the previous quarter stressed by weaker on-trade sales. Materials and services expenses SEK -809 thousand (SEK -1154 thousand) were clearly lower due to decreased sales volumes compared to the same period a year ago.

Other external expenses SEK -1 243 thousand (SEK -1 247 thousand) remained broadly unchanged, reflecting the revised operating model.

Personnel expenses SEK -760 thousand (SEK -341 thousand in the corresponding period of 2025). The comparative figure was reduced by the release in the third quarter of 2025 of a restructuring provision recognised in the second quarter of 2025.

Adjusted operating EBITDA (excluding incentive programs and personnel restructuring costs provisions) of SEK -1 849 thousand improved clearly from the corresponding period (SEK -2 342 thousand).

EBITDA and EBIT were SEK -1 852 thousand (-1 553 thousand) and SEK –2 187 thousand (-1 906 thousand).

Net result was SEK -2 550 thousand (-2 777 thousand) for the third quarter of 2026.

The Company's cash and cash equivalents were SEK 423 thousand at the end of the reporting period.

MAJOR EVENTS

Marko Sulin was appointed the new CFO, with effect from 22 September 2026.

The Company entered into loan agreements amounting to a total of EUR 100 000 with shareholders Grizzly Hill Capital Ab and Heino Group Oy (ref. Note 6).

SIGNIFICANT EVENTS AFTER THE INTERIM PERIOD

The Company entered into loan agreements amounting to a total of EUR 50 000 with shareholders Grizzly Hill Capital Ab and Heino Group Oy.

NOTES TO JANUARY – SEPTEMBER INTERIM REPORT

NOTE 1 – ACCOUNTING PRINCIPLES

The interim report has been prepared in accordance with the Annual Accounts Act (1995:1554), chapter 9 Interim report.

BASIS FOR DRAWING UP THE INTERIM REPORT

The group's consolidated financial statements include the following companies:
- Arctic Blue Beverages AB
- Arctic Blue Beverages Oy

The group additionally includes the following minor associate/ subsidiary companies which are under group transformation.
- Arctic Gateway Asia Pte. Ltd
- Arctic Gateway India Private Limited Pty Ltd (dormant)

The companies listed above form a group with Arctic Blue Beverages AB as parent company. As part of the preparations for the listing on the Nasdaq First North Growth Market, the group was reorganized and a new company, Arctic Blue Beverages AB became the new Swedish parent company on April 8, 2022.

The principles are unchanged compared to those applied in the annual financial statements for 2025.

Below are the most essential principles:

Income
Revenue is valued at the fair value of what has been received or will be received, less discounts. When selling goods, the revenue is reported upon delivery.

Inventory
The inventory is recorded at the lower of the acquisition value and the net sales value. The acquisition value is calculated according to the first-in-first-out principle.

Financial assets and liabilities
Financial assets and liabilities are reported based on the acquisition value in accordance with chapter 11 Financial instruments valued based on the acquisition value in BFNAR 2012:1.

Recognition of interest costs is implemented on quarterly basis.

Receivables
Receivables have been recorded at the amounts with which they are estimated to have an impact.

Intangible assets
Intangible fixed assets that have been acquired are reported at the acquisition value less accumulated depreciation.

Tangible assets
Tangible fixed assets that have been acquired are reported at the acquisition value less accumulated depreciation.

Depreciation principles for fixed assets
Depreciation according to plan is based on original acquisition values and estimated useful life.

The following depreciation periods apply:	Period of use
Intangible assets	
Trademarks	5 years
Goodwill	5 years
Tangible assets	
Machinery and equipment	7 years

SEK thousand	30 SEP 2026	30 SEP 2025	31 DEC 2025
Pledged collateral	269	240	492
Contingent liabilities	None	None	None

The Company has signed a factoring agreement with a Finnish financial institution of sales of receivables (factoring agreement). Liability of the factoring loan has been pledged. Contract includes credit insurance with 95% coverage of receivables included in the agreement.

NOTE 6 - TRANSACTIONS WITH RELATED PARTIES

On September 1, 2026, the Company entered into two loan agreements amounting to a total of EUR 100 000 with shareholders Grizzly Hill Capital Ab, controlled by board member Gustaf Björnberg, and Heino Group Oy, controlled by board member Petri Heino (the "Lenders") to strengthen the Company's working capital. Each loan agreement amounts to EUR 50 000 with an interest rate per annum of 10 percent and runs up until June 30, 2027. The Lenders have the right to, should the Company carry out a share issue before June 30, 2027, and provided that all necessary resolutions have been passed, convert the borrowed amount to shares in the Company. In such case, the subscription price for conversion to shares shall be equal to the applicable subscription price in such share issue.

Additionally, the following transactions with related parties have been implemented in the third quarter of 2026.

JUL - SEP 2026 SEK thousand	
Advisory services, Hoikka Consulting Oy (Antti Villanen, chairman of the board)	133

NOTE 7 – RISKS AND UNCERTAINTIES

Future funding

The resources required to execute Arctic Blue Beverages' business plan, including product development, expansion into new markets and other investments, depend on several factors. Product development or launch in new markets can be more expensive and take longer than expected. The Company has generated a negative result and may need to raise additional capital in the future to finance its growth plans. The Company may be forced to seek alternative financing in the form of debt financing or additional capital raising.

Access to quality raw materials

The Company is dependent on the availability of quality raw materials, such as Finnish blueberries, and in cases where the supply of raw materials on which the Company is dependent for the production of its products decreases or deteriorates, it may entail difficulties in producing and delivering its products in accordance with their commitments to customers.

Dependence on key people

Arctic Blue Beverages is a small organization, and its future growth is highly dependent on the expertise of the Company's management, the board of directors and other key personnel's competences.

Competitive situation

The state monopolies in the Nordic countries and especially in Finland are important revenue channels for the Company. Despite the extensive legislation applying to the state retail monopolies and other international markets where the Company operates, the industry of gin is competitive.

Currency risks

Currency risk occurs in the form of recalculation exposure as purchases and sales are not always the same currency and recalculation exposure when recalculating the subsidiaries' income statements and balance sheets, primarily EUR to the accounting currency, which is SEK.
