Reports published by Íslandsbanki for 2024

Íslandsbanki has published two reports on its activities in 2024: the Annual and Sustainability Report and the Pillar 3 Risk Report. The reports are available on the Bank's website.

Annual and Sustainability Report for 2024

Íslandsbanki publishes an integrated Annual and Sustainability Report which gives a solid overview of the Bank's activities, operations and strategy in 2024. The sustainability part of the report highlights the sustainability milestones reached in 2024 as well as providing insight into the Bank's objectives on its continued sustainability journey in accordance with Greenhouse Gas Protocol and Partnership for Carbon Account Financials (PCAF). The Sustainability Statement for 2024 furthermore contains a more detailed breakdown of ESG information as well as sections on organizational and operational boundaries, methodology and definitions. The auditing firm KPMG was engaged to review and provide limited assurance for the Bank's sustainability disclosures for 2024. The Sustainability Statement is partly in accordance with the European Commission's ESRS (European Sustainability Reporting Standards) standards and includes in addition information in accordance with ESG guidelines issued by Nasdaq.

Pillar 3 Risk Report

The Risk Report is published in English. Its purpose is to satisfy legal information disclosure requirements and provide market agents and other interested parties with information aimed at enhancing understanding of the Bank's risk management. The Risk Report includes information disclosures in accordance with Task Force on Climate-Related Financial Disclosures (TCFD) recommendations.

The reports are available on the [Bank's website](#). Additionally, the 2024 Sustainability Statement is available [here](#).
