

# Goobit Transitions Swish Payment Services Amid Supplier Policy Changes.

**Goobit Group AB's subsidiary, Goobit AB ("Goobit" or "the Company"), announces that its current supplier has unilaterally terminated Swish payment services for the Company, effective immediately. This action follows policy adjustments previously communicated by the supplier's partner. Goobit is currently onboarding with several new suppliers to restore Swish payment services and introduce a range of additional payment methods, enhancing the overall transaction experience for our customers.**

To ensure uninterrupted service for our customers, Goobit has swiftly reinstated card payment options through an alternative provider. Thanks to our strong relationship with the original supplier, Goobit has managed a seamless transition, ensuring no disruption to our customers' payment experiences. The Company is also in the process of integrating additional payment solutions, further strengthening the convenience and security of our financial transactions.
