

Triona is strengthening the board with Halvor Walla

Triona welcomes Halvor Walla, with a long and solid background in software and product development, as a member of the board.

Halvor is the founder of Serve ASA and Framsikt AS, the latter now part of Visma. Halvor remains active as Product Director at Framsikt and also holds board positions in several companies within the Visma Group. Previously, he has served as a board member of Gatsoft AS and held senior positions at Agresso Group ASA (now Unit4), ErgoGroup ASA (part of TietoEvy), and Software Innovation ASA (also now part of TietoEvy).

"We are very pleased to welcome Halvor to Triona's board. His experience and insights will be valuable in our continued growth journey," says Lennart Hane, Chairman of the Board, Triona.
