Kambi Group plc signs Odds Feed+ agreement with RETABET Group

Multi-year partnership provides RETABET Group with access to Kambi's library of traded odds through a single API integration

Kambi Group plc ("Kambi"), the home of premium sports betting solutions, has agreed a multi-year partnership with RETABET Group, a leading sports betting operator with an established online and retail presence in the Spanish and Peruvian markets.

Under the terms of the partnership, RETABET will gain access to Kambi's entire library of traded odds through a seamless single API integration into RETABET's proprietary sportsbook platform. Founded in 2002, RETABET is a prominent international sports betting operator with an extensive online and retail presence throughout Spain, as well as a fast-growing omnichannel footprint in Peru.

Delivering actively managed and traded odds to a growing range of partners globally, Odds Feed+ is Kambi's premium odds feed solution. Available in bespoke packages which can be adapted in real time to meet each partner's strategic requirements, these odds are sharpened by the billions of bets and €17 billion global liquidity Kambi processes annually, unlocking unmatched precision and margin performance.

Furthermore, Kambi's growing suite of AI-powered odds enhances pricing accuracy and trading quality, while low-latency delivery powered by official data sources ensures real-time odds and a smoother betting experience.

Werner Becher, Kambi Group CEO, said: "We are very pleased to agree this partnership with RETABET and welcome the opportunity to work closely with such an experienced and ambitious team. Our Odds Feed+ product gives operators the flexibility and choice they need to succeed in competitive marketplaces, and this partnership is another indicator of the trust leading operators are placing in Kambi's ability to enhance margins and empower growth."

Igor Extremo, COO at RETABET Group, said: "At RETABET we are always looking for ways to enhance our offering to our players across Spain and Peru. In partnering with Kambi for Odds Feed+ we are gaining access to high-quality pricing across a huge variety of sports, unlocking even greater depth and coverage for our customer base and leveraging Kambi's proven expertise to enhance our platform."
