## Reports published by Arion Bank for 2023

**Arion Bank has published its Annual and Sustainability Report and Pillar 3 Risk Disclosures for 2023. The reports are in digital format and are available on the Bank's website. The Annual Financial Statements for 2023 were published on 7 February.**

In addition to coverage of the activities of the Bank, its main projects and financial results for 2023, the Annual and Sustainability Report also contains information on human resources, environmental and climate issues, green finance and sustainability accounts disclosed in line with GRI Standards and guidelines from Nasdaq Nordic. The Bank is also publishing a report on financed emissions and targets up until 2030 and a report on the progress made in implementing the UN Principles for Responsible Banking. Deloitte has provided an opinion with limited assurance on sustainability in the report.

Arion Bank's Pillar 3 Risk Disclosures Report describes in detail the main risk factors in the Bank's operations and contains comprehensive information on the Bank's risk management and capital adequacy. The report also contains information on the Bank's governance structure with respect to risk and on the Bank's remuneration policy. The report should be read in conjunction with the EBA's standardized Pillar 3 disclosure templates, published simultaneously.
