

CYBER1 Value Added Distribution companies to rebrand as TRINEXIA

Stockholm, Sweden – 25th January 2023 – Cyber Security 1 AB (Publ) (the “Company” or “CYBER1”) (Nasdaq First North: CYB1), an international leader in Cyber Security services is delighted to announce that its Value-Added Distribution (VAD) companies, Credence Security, Cyber Security Africa Distribution (CSAD) and Cyber Security South Africa (CSSA), will be rebranded as TRINEXIA.

This announcement is in keeping with the global growth plans, as the company expands its footprint and aligns our VAD under one, cohesive brand.

Credence Security, the Group’s longest running VAD company, was established in 1999 and during that time has expanded within Africa, Middle East and India, working with the leading players in cybersecurity and digital forensics. In 2015 the company was acquired by international cyber security advisory and solutions group, CYBER1 and listed alongside the Solutions companies on Nasdaq First North Growth Market. Managing Director Garreth Scott has established an entity that is recognised within the region as consistently and successfully adding great value to our partner community, whilst being admired for their people, partnerships and performance.

In 2022, CYBER1 completed the acquisitions of CSAD and CSSA, providing further scale and several strategic partners and vendors, that we continue to collaborate with into 2023. Under the leadership of Managing Directors Toni Bowker and Martin Britz, the management has provided strong synergies with the Group to date, which will be augmented further with the rebrand announcement.

The alignment of the brands will ensure vendors, reseller partners and our valued clients, will be able to further visualise our footprint and capabilities across our key jurisdictions within EMEA.

The group’s strategy remains the same – to collaborate closely and support customers across Europe, the Middle East, Africa and India.

Vivian Gevers, Chief Operations Officer commenting on the rebrand stated: "Having started the Distribution office in the Middle East, it has been pleasing to see the growth of the division since 2012. Alongside the two fantastic businesses that have joined CYBER1 at the end of 2022, I am very excited to drive forward our business objectives, under one unified brand. I look forward to working with the team in unlocking further opportunities for growth moving into 2023 and beyond."

More information on the rebrand can be found within the new TRINEXIA website, which can be found [here](#).
