## General Motors extends European partnership with Klintberg & Way until 2029

**Hedin Mobility Group's subsidiary Klintberg & Way has extended its long-standing partnership with General Motors, confirming Klintberg & Way's role as official aftermarket partner in Europe through 2029.**

Under the renewed agreement, Klintberg & Way will continue to support General Motors' aftermarket operations across Europe. The scope includes parts distribution, warranty handling and technical support for brands such as Corvette, Cadillac, GMC and Chevrolet.

"This is a partnership we have developed over a long period of time, where trust and day-to-day performance are key. Supporting aftermarket operations across multiple markets requires consistency and close cooperation, and we look forward to continuing that work together with General Motors," says Mikael Dahlin, Chief Commercial Officer at Klintberg & Way.

The extension reflects a collaboration built over many years, where operational reliability, availability and technical expertise are central to supporting GM's European network of dealers and workshops.

"This extension underscores the strength and reliability of our collaboration with Klintberg & Way," says Mohammed AlFayyad, Director Customer Care & Aftersales, General Motors Europe. "Together we are committed to providing our customers and partners across Europe with high-quality service, strong parts availability and the technical expertise they expect from General Motors."

Klintberg & Way manages a comprehensive aftermarket setup, combining logistics, technical support and commercial operations. The company serves a broad network of authorised dealers and workshops across Europe, ensuring access to parts and efficient handling of warranty and technical matters.

As a wholly owned subsidiary of Hedin Mobility Group, Klintberg & Way is part of one of Europe's largest mobility providers, with operations spanning import, distribution, retail, and aftermarket services across multiple European markets. The renewed partnership with General Motors further strengthens the group's position across the automotive value chain and supports the long-term success of GM customers and partners in Europe.

## About Hedin Mobility Group

---

Hedin Mobility Group is one of Europe's largest mobility providers, with approximately 11,000 employees and operations in 13 countries. In 2025, net sales amounted to approximately SEK 90 billion and the Group sold approximately 260,000 vehicles.

Our operations consist of three main business areas:

- In **Distribution**, we are a significant importer/distributor of vehicles, spare parts, tires, rims and wheels as well as accessories on the European market. We are importer and/or distributor for Corvette, Dodge and RAM, Ford and Ford F-150, Hongqi, INEOS Grenadier, IVECO, BYD Trucks, MG, XPENG and NIO, as well as Renault, Dacia and Alpine. Within spare parts we are, among other things, an authorised partner for GM and Mopar in Europe as well as the exclusive global supplier of Saab Original parts.
- In **Retail**, we represent more than 50 brands and provide a comprehensive offer – sales, financing, insurance, and aftermarket services – comprising new and used passenger cars, commercial vehicles, and trucks to both private and corporate customers. Sales take place both online and via a European dealer network comprising more than 310 own dealerships with a total of over 800 sales points under the names Hedin Automotive and Carstore.
- In **Mobility Solutions**, we address new user needs and sales models in the automotive industry by providing and developing innovative services. Through Carplus, Unifleet, MABI Mobility and Hedin Supercharge, users are offered various flexible and modern mobility solutions.

Hedin Mobility Group's operations also include Hedin IT, which provides the Group with high-end operations, support and digital development, as well as strategic investments in Mercedes-Benz Financial Services Slovakia, Lasingoo Sverige and Casi Group.
