

Obducat receives purchase orders from existing Foundry Service customer valued at 3.8 MSEK

OBDUCAT AB (publ) subsidiary Obducat Technologies AB, a leading supplier of lithography solutions based on nanoimprint lithography (NIL), has received purchase orders from an existing Foundry Services customer, with which Obducat signed a multiyear supply contract in 2023. The purchase orders concern the work to migrate current production to larger substrate format. The existing customer is a European company active within photosensor technologies. The order value amounts to approx. 3.8 MSEK.

The contract concerns the migration of current continuous production of optical components produced by using Obducat proprietary NIL technology, to a larger substrate size. The migration to larger substrate size will increase cost efficiency as well as enable the planned increase of the annual production volumes the coming years.

Due to confidentiality requirements further information cannot be disclosed at this point.

This information is information that Obducat is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact persons set out above, at 2024-12-17 08:30 CET.

About Obducat AB (publ)

Obducat AB (publ) is an innovative developer and supplier of technologies, products and processes used for the production and replication of advanced micro and nano structures. Obducat's products and services serve the demands of customers worldwide within the LED and Display, Optics and Photonics, MEMS and Sensor industries as well as in High Power and High Frequency electronics and Biomedical Devices. Obducat's technologies include nano imprint technology, resist- and wet processing technologies. Obducat has its own market presence in Sweden, Germany, Japan, USA, England, Portugal and China and the headquarter is located in Lund, Sweden. Obducat is a public company. The Obducat share is traded on the Swedish NGM Main Regulated Equity exchange. Read more at www.obducat.com or contact us via email investorrelations@obducat.com
