§ 6 Resolution on amendment of the Articles of Association

In order to enable the rights issue of units consisting of shares and warrants that is proposed to be approved in accordance with item 7 on the agenda for the EGM (the "**Rights Issue**"), the board proposes that the EGM resolves to amend the company's Articles of Association by adopting new limits for the share capital and the number of shares, respectively. In this regard, the board has prepared three proposals for amendments to the Articles of Association, Alternative A, Alternative B and Alternative C. It is therefore proposed that the EGM resolves on all alternatives, but only one of the alternatives may ultimately be registered with the Swedish Companies Registration Office. The board may also find it most appropriate not to register any Articles of Association at all.

The resolution on amendment of the Articles of Association presupposes and is conditional upon that the EGM resolves to approve the Rights Issue in accordance with the board's proposal under item 7 on the agenda for the EGM.

§ 7 Resolution on approval of the board's resolution on a rights issue of units

The board of directors proposes that the EGM resolves to approve the board of directors' decision of 28 September 2026 on a rights issue of units, whereby each unit consists of two (2) shares and one (1) warrant series TO 4 ("TO 4") and on the following terms and conditions in general:

1. The board of directors, or a person appointed by the board of directors, shall be authorized to, no later than five weekdays prior to the record date, determine the maximum amount by which the company's share capital shall be increased, the maximum number of new shares and TO 4, and consequently the number of units, that shall be issued, the number of existing shares that shall entitle to subscription of a certain number of units and the amount that shall be paid for each unit in the Rights Issue.
2. The board of directors' determination of the terms and conditions of the Rights Issue pursuant to the authorization in item 1 may not result in the company's share capital and number of shares, after the completion of the Rights Issue, exceeding the limits of the company's maximum permitted share capital and number of shares according to the Articles of Association (based on the current Articles of Association or one of the Articles of Association proposed to the meeting and set out in item 6 in the notice). As a result of the exercise of the TO 4, the company's share capital may be increased by not more than the amount corresponding to the number of TO 4 that shall be issued in accordance with item 1, multiplied by the share's quota value.
3. The amount that exceeds the share's quota value shall be transferred to the unrestricted share premium reserve.
4. The warrants shall be issued free of charge.

5. Subscription of units with preferential rights shall be made by exercise of unit rights. The right to receive unit rights for subscription of units with preferential rights shall vest in those who, on the record date, are registered as shareholders and thereby are allotted unit rights in relation to their shareholding as of the record date.

6. The record date for receipt of unit rights and the right to participate in the issue with preferential rights shall be 5 November 2026.

7. If not all units are subscribed for by exercise of unit rights, allotment of the remaining units shall be made within the framework of the maximum amount of the issue:

- i. *firstly*, to those who have subscribed for units with the support of unit rights (regardless of whether they were shareholders on the record date or not) and who have applied for subscription of units without the support of unit rights and in the event that allotment to these cannot be made in full, allotment shall be made pro rata in relation to the number of unit rights that each of those who have applied for subscription of units without exercise of unit rights have exercised for subscription of units;
- ii. *secondly*, to those who have applied for subscription of units without exercise of unit rights and if allotment to these cannot be made in full, allotment shall be made pro rata in relation to the number of units the subscriber in total has applied for subscription of units; and
- iii. *thirdly*, to those who have provided underwriting commitments regarding subscription of units, in proportion to such underwriting commitments.

To the extent allotment in any stage in accordance with the above cannot be made pro rata, allotment shall be made by the drawing of lots.

8. Subscription of units by exercise of unit rights shall be made through cash payment during the time period from and including 9 November 2026 up to and including 23 November 2026. Subscription of units through payment means that the subscriber authorizes an issuing agent engaged by the company to execute subscription on a subscription list regarding the number of free of charge warrants that the subscribed units consist of.

Subscription of units without exercise of unit rights shall be made on a separate subscription list during the same time period as subscription by exercise of unit rights shall be made. Payment for units subscribed for without exercise of unit rights is to be made no later than the third banking day after notice on the allotment has been sent to the subscriber through promissory note, or, in the case of units subscribed for by guarantors in accordance with an guarantee commitment, no later than the fifth banking day after notice on the allotment has been sent to the subscriber through a promissory note. The board of directors shall not, however, be prevented from granting set-off pursuant to Chap. 13. Sec. 41 of the Swedish Companies Act (Sw. aktiebolagslagen (2005:551)). Subscription can be made by exercise of unit rights on a subscription list for subscribers who wish to receive such set-off.

The board of directors shall have the right to prolong the time period for subscription and payment.

9. In the event that a subscriber subscribes for units that entail that the subscriber's total shareholding exceeds a limit that entails a notification obligation in accordance with the Swedish Screening of Foreign Direct Investments Act (Sw. lagen (2023:560) om granskning av utländska direktinvesteringar), allotment shall initially only be made at a level whereby the subscriber is below the said limit, and allotment of an excess part of the subscription shall be conditional upon i) the subscriber fulfilling its notification obligation; and (ii) the Inspectorate of Strategic Products (Sw. Inspektionen för strategiska produkter) makes a decision on the basis of the subscriber's notification to the effect that allotment may take place. Payment for such units shall then be made no later than the third banking day after the conditions for subscription have been fulfilled.

10. Subscription can only be made in units and thus not by shares or warrants individually. Allotment may only be made in units. However, after the completion of the Rights Issue, the shares and warrants will be separated.

11. The shares issued in connection with the Rights Issue convey right to dividends as from the first record date for dividends occurring after the issue resolution.

12. For TO 4 and the exercise of the subscription right, the following terms and conditions inter alia applies:

(a) that one (1) TO 4 entitles the right to subscribe for one (1) new share in the company against cash consideration amounting to 110 per cent of the subscription price per share, however not less than the quotient value of the shares. The subscription price shall be rounded off to the nearest whole öre (SEK 0.01). Any amount exceeding the quotient value of the shares shall be added to the free share premium reserve;

(b) The subscription price and the number of shares that each TO 4 entitles right to subscribe for may be subject to customary recalculation formulas upon split or consolidation of shares, rights issue or similar;

(c) The warrants may be exercised during the period from and including 19 April 2027 up to and including 3 May 2027;

(d) A share issued pursuant to subscription confers right to dividends from the first record date for dividends that occurs following effectuation of the subscription to such extent that the share has been recorded as interim share in the company's share ledger.

13. The resolution of the Rights Issue is subject to and conditional upon the EGM resolving to amend the Articles of Association in accordance with the board's proposal in item 6 on the agenda for the EGM.

§ 8 Resolution on authorization of the board to issue shares and warrants to guarantors

In order to enable the issuance of units consisting of shares and warrants as compensation to those who have entered into guarantee commitments (the "**Guarantors**") to secure the Rights Issue, the board proposes that the EGM resolves to authorize the board, for the period until the next annual general meeting, on one or several occasions, with deviation from the shareholders' preferential rights and with or without provisions regarding set-off or other conditions, to resolve on issue of shares and warrants to the Guarantors.

Upon exercise of the authorization, the terms and conditions for the issue shall be the same as in the Rights Issue, meaning that each unit shall consist of two (2) shares and one (1) warrant series TO 4. The subscription price per unit shall be the same as in the Rights Issue.

The purpose of the authorization and the reason for the deviation from the shareholders' preferential rights is to be able to carry out an issue of shares and warrants as compensation to the Guarantors. The number of shares and warrants that may be issued pursuant to the authorization may not exceed the total number of shares and warrants corresponding to the agreed fee that the company has to pay to the Guarantors pursuant to the guarantee commitments.

The resolution to authorize the board to issue shares and warrants to Guarantors presupposes and is conditional upon the EGM resolving to approve the board's resolution of the Rights Issue in accordance with the board's proposal in item 7 on the agenda for the EGM.

For valid resolutions on the proposals pursuant to items 6 and 8, the proposals have to be supported by shareholders representing at least two-thirds of the votes cast as well as of all shares represented at the EGM.
