

TPS CLIA has received approval for use on Fosun Diagnostics' fully automated system in China

Our partner, ZECEN Biotech, has received the registration certificate from the Chinese registration authorities NMPA. This means that TPS CLIA is now also approved for use on Fosun Diagnostics' fully automated CLIA platforms in China.

"We are happy that this product is approved and ready to be launched on the Chinese market. The expansion of TPS on different platforms will result in a broader reach and increased presence on the market. We are looking forward to continuing our collaboration with ZECEN Biotech, and expanding collaboration into other tumor markers on their machines in the future" says Marie Torstensson, Chief Market and Sales Officer Laboratory Test.
