THE LAST DAY OF TRADING IN THE WARRANTS OF SERIES TO5 IN JONDETECH IS TODAY, NOVEMBER 4, 2026

THE INFORMATION CONTAINED IN THIS PRESS RELEASE MAY NOT BE DISCLOSED, PUBLISHED OR DISTRIBUTED, DIRECTLY OR INDIRECTLY, IN OR INTO THE UNITED STATES, AUSTRALIA, BELARUS, HONG KONG, JAPAN, CANADA, NEW ZEALAND, RUSSIA, SWITZERLAND, SINGAPORE, SOUTH AFRICA, THE UNITED KINGDOM OR ANY OTHER JURISDICTION WHERE SUCH DISCLOSURE, PUBLICATION OR DISTRIBUTION WOULD BE UNLAWFUL OR REQUIRE REGISTRATION UNDER APPLICABLE REGULATIONS.

Today, November 4, 2026, is the last day of trading in warrants of series TO5 in JonDeTech Sensors AB (publ) ("JonDeTech" or the "Company"). The exercise period for the warrants of series TO5 runs up to and including November 9, 2026. One (1) warrant of series TO5 entitles the holder to subscribe for one (1) new share in JonDeTech. The subscription price for the exercise of the warrants of series TO5 is SEK 0.60 per share.

The Board of Directors wishes to inform holders of warrants of series TO5 that, as of the date of this press release, the subscription price upon exercise of the warrants exceeds the current market price of JonDeTech's shares on NGM Growth Market.

If all warrants of series TO5 are exercised, the Company will receive approximately SEK 24.8 million before issue costs. To prevent the warrants from expiring worthless, holders must actively exercise their warrants to subscribe for new shares no later than November 9, 2026, or alternatively sell their warrants no later than November 4, 2026. Please note that certain nominees may have earlier deadlines for submitting exercise instructions than November 9, 2026.

The full terms and conditions of the warrants are available on the Company's website, www.jondetech.com.

Summary of the terms and conditions of the warrants of series TO5:

Exercise period: October 26, 2026 – November 9, 2026.
Subscription price: SEK 0.60 per share.

Issue volume: A total of 41,387,968 warrants of series TO5 entitle the holders to subscribe for 41,387,968 shares. If all warrants are exercised, the Company will receive approximately SEK 24.8 million before issue costs.

Last day of trading in warrants of series TO5: November 4, 2026.

Share capital and dilution: If all warrants are exercised, the share capital will increase by SEK 7,780,937.984, from SEK 18,720,476.564 to SEK 26,501,414.548. The number of shares will increase by 41,387,968, from 99,577,003 shares to 140,964,971 shares. The dilution resulting from full exercise of the warrants will amount to approximately 29.4 percent of the total number of shares.

Please note that warrants not exercised by November 9, 2026, or sold by November 4, 2026, will expire worthless. To prevent the warrants from expiring worthless, holders must actively exercise their warrants to subscribe for shares or sell their warrants before the respective deadlines.

How the warrants are exercised:
Nominee-registered warrants (custody account):

Subscription and payment through exercise of the warrant shall be made in accordance with instructions from the respective nominee. Please contact your nominee for further information.

Directly registered warrants (VP account):
No issue report or payment instructions will be sent out. Subscription shall be made by simultaneous cash payment in accordance with instructions on the application form. The warrants will then be replaced with interim shares pending registration with the Swedish Companies Registration Office.

An application form with instructions for payment is available on the Company's website **www.jondetech.com**.

Advisors

Mangold Fondkommission AB is acting as financial advisor and Eversheds Sutherland Advokatbyrå as legal advisor to JonDeTech in connection with the exercise of warrants of series TO5.

About JonDeTech

JonDeTech is a Swedish high-tech company developing digital and analogue heat sensors for measuring Core Body Temperature (CBT). The Company's patented sensor technology combines a very small form factor with high accuracy and low power consumption, enabling integration into high-volume products such as wearables, medical sensors and other consumer products. The technology is designed to enable continuous body temperature monitoring in mass-produced consumer products, representing the next major technological step in digital health and wearables as body temperature data becomes as established as heart rate monitoring. JonDeTech operates through a global network of distributors and partners, with the objective of supplying sensors to leading global players in consumer electronics and digital health.

JonDeTech's share is listed on NGM Growth Market.
