Maximum Entertainment Launches Owned IP In God Of Rock

Umeå, Sweden (Apr. 18, 2023) – Zordix AB (publ) (Nasdaq: ZORDIX B) today together with Modus Studios and Modus Games, launches the owned IP rhythm and fighting mechanics game, God Of Rock. A 2D multiplayer fighting game where each combination of fighters and arenas produces a unique musical arrangement.

“We aim to captivate players with God of Rock in this stylish, highly animated, and unique game developed by our own team at Modus. The game itself is a fun, competitive, and complex fighting game that challenges players to build up dynamic combos in combination with hitting the right note at the right time together with music and rhythm”, Says Christina Seelye, CEO of Maximum Entertainment.

Today’s release was celebrated with a new launch trailer showcasing God of Rock’s distinctive characters, high-powered musical tracks, and heart-pounding gameplay: <https://youtu.be/WEKPpdYyiy0>

Whether the soundwaves are blasting your opponent in the face or simply through your speakers, the game is always sure to produce a party. Purchase God of Rock now at <https://godofrockgame.com>

Face off against your opponents as one of the universe’s greatest talents, and with the power of your righteous beats, blast them into orbit. You and your enemy will engage in a match just like in any other fighting game, but the actual battle will be driven by rhythm game mechanics. As battles continue and health bars wear down, the beat will pick up. Keep up with the music, or your attacks will miss their mark. In these fights, the one who loses their groove first will be the one to fall.
