

## Allotment of bonds issued under the Tenth Bond Issue Programme and information of Closing of the public offering of Series A06EUR bonds

Further to the issue of bonds under Tenth Bond Issue Programme (the "Programme"), the Management Board of KRUK S.A. (the "Company") announces that on February 12th 2024 it passed a resolution (the "Resolution") on the allocation of Series A06EUR ordinary bearer coupon bonds (the "Bonds"), carried out as part of the Programme covered by the Base Prospectus approved by the Polish Financial Supervision Authority on July 11th 2023 (the "Prospectus").

In the Resolution of the Company's Management Board, the Bond issue was declared successful and 140,000 Bonds, each with a nominal value equal to the issue price of EUR 100 and with a total value of EUR 14,000,000 were allotted. The period of subscription for the 140,000 Bonds was February 5th 2024 (inclusive) – February 9th 2024 (inclusive). The issue was not divided into tranches.

During the subscription period 449 Investors effectively placed 474 subscription orders for 199,214 Bonds. As a result of proportional reduction of 29.72%, the Company allotted 140,000 Bonds in response to subscription orders from 446 Investors. At the same time, the Company announces that the offering of Bonds has been closed.

The Bonds were acquired for cash at an issue price of EUR 100 per bond. No underwriter acquired the Bonds. The Company did not conclude any underwriting agreement in connection with the Bond offering. The issue value, understood as the product of the number of the Bonds covered by the offering and the issue price, was EUR 14,000,000. The Bonds bear interest at a variable rate equal to 3M EURIBOR® plus a fixed margin of 4.00 percentage points per annum.

The cost of preparing and carrying out the bond offerings, as well as promoting the offerings and preparing documentation, including the Prospectus, taking into consideration the cost of advisory services, will only be known after all issues under the Programme have been carried out. As no information is available on the total cost of the Programme and the final number of bonds issued under the Programme, the Company will announce the total and unit cost of the offerings in a separate current report, which will be published once the final bond issue under the Programme has been completed.

The costs incurred by the Company in connection with the offering of Bonds under the Programme are charged to the Company's operating expenses.
