First trading day for Salix Group on Nasdaq Stockholm

Today, on 15 June 2026, Salix Group AB ("Salix Group") has its first trading day as an independent listed company on Nasdaq Stockholm following the separation from Volati AB ("Volati").

Salix Group, a leading and rapidly growing B2B trading and distribution platform with an active M&A agenda and strong proprietary brands within primarily building-related products, and with primary operations in the Nordics and Ireland, is as of today a separately listed company on Nasdaq Stockholm.

– Today marks an important milestone and the starting point for the next chapter in Salix Group's history. We are proud of what we have built together with Volati, and we now carry that strong foundation into a new phase as an independent listed company, where we see that we have all the conditions in place to continue creating value for our customers, employees and shareholders, says Martin Hansson, CEO of Salix Group.

The Annual General Meeting of Volati resolved on 29 April 2026 to distribute all of Volati's shares in its subsidiary Salix Group to Volati's ordinary shareholders. All shares held by Volati in its subsidiary Salix Group have been distributed to Volati's ordinary shareholders, whereby one (1) ordinary share in Volati entitled the holder to one (1) share in Salix Group. The shares in Salix Group are traded under the ticker symbol SALIX and have the ISIN code SE0028329540.

More information about the listing and the distribution of Salix Group, including the prospectus, information brochure, key dates and events, is available on Salix Group's website,
