About Us

Gubra, founded in 2008 in Denmark, is specialized in pre-clinical contract research services and peptide-based drug discovery within metabolic and fibrotic diseases. Gubra's activities are focused on the early stages of drug development and are organised in two business areas - CRO Services and Discovery & Partnerships (D&P). The two business areas are highly synergistic and create a unique entity capable of generating a steady cash flow from the CRO business while at the same time enjoying biotechnology upside in the form of potential development milestone payments and potential royalties from the D&P business. Gubra has approx. 200 employees and had annual revenue of approx. DKK 200 million in 2022. See www.gubra.dk for more information.

This information is information which Gubra is obliged to make public pursuant to the Danish Capital Markets Act. The information was submitted for publication, through the agency of the contact persons set out above, at 2023-04-06 16:33 CEST.
