Lifco acquires Decorative Products in Germany

Lifco has signed an agreement to acquire a majority of the shares in the German company Decorative Products GmbH. Decorative Products is a niche supplier of surface products for airplane cabins.

In 2025, Decorative Products reported net sales of approximately EUR 10.6 million. The company is based in Ahrensburg, Germany and has 14 employees. Decorative Products will be consolidated in Business Area Transportation Products. Consolidation is expected to take place in the fourth quarter of 2026.

The acquisition will not have any significant effect on Lifco's earnings or financial position in the 2026 financial year.
