

## JONDETECH ENTERS DISTRIBUTION AGREEMENT WITH SEMICONIC DEVICES

JonDeTech Sensors AB (publ) (“JonDeTech” or “the Company”) announced today that the Company has entered into a distribution agreement with Semiconic Devices Ltd. (“Semiconic”). Semiconic, founded in 2011, is a leading and well-regarded distributor of electronic components in India and other countries in the South Asian region.

“We are very pleased to have entered into this strategic distribution agreement with Semiconic, which opens new doors for JonDeTech in the rapidly growing Indian market. This collaboration will not only strengthen our global presence but also enable us to offer our innovative sensor technologies to a broader customer base. We look forward to working with Semiconic to drive technological development and growth in the region,” says JonDeTech’s CEO, Leif Borg.

The distribution agreement grants Semiconic the right to distribute all products in JonDeTech’s product portfolio. The agreement is initially for three years with an option for extension.

In connection with the signing of the distribution agreement, JonDeTech has delivered an EVK-J40CL (evaluation kit) to Semiconic. The evaluation kit is intended to facilitate Semiconic’s integration of JonDeTech’s advanced sensor systems into various products and projects. The evaluation kit will provide Semiconic and its customers with the opportunity to explore and utilize the groundbreaking advantages of JonDeTech’s sensor technologies.

### About JonDeTech

JonDeTech is a supplier of sensor technology. The company markets a portfolio of IR sensor elements based on proprietary nanotechnology and silicon MEMS. The nanoelements are extremely thin, built-in flexible plastic, and can be manufactured in high volumes at a low cost, which opens up for a variety of applications, such as temperature and heat flow measurements, presence detection, and gas detection. The company is listed on Nasdaq First North Growth Market.

Mangold Fondkommission AB is the company’s Certified Adviser.
