KebNi AB (KEBNI)
Org.nr 556943 - 8442

KEBNI AB'S (PUBL) POSTPONES Q3 REPORT TO ENABLE PERSONS DISCHARGING MANAGERIAL RESPONSIBILITIES PARTICIPATION IN THE ONGOING RIGHTS ISSUE OF UP TO SEK 50 MILLION

KebNi AB (publ) ("KebNi" or the "Company") today announces that, due to the ongoing rights issue with pre-emptive rights for existing shareholders, the publication of the Company's Q3 report will be postponed to November 30, 2020 (previously November 19, 2020).

Stockholm, Sweden, October 19th 2020 - The subscription period for the rights issue runs between October 16-October 30, 2020. In order to enable persons discharging managerial positions, and as such are subject to a 30-day closed period ahead of publication of the Company's financial reports, KebNi has resolved to postpone publication of the report.

"We are pleased to note that there is a strong interest within the organization, both among staff, management team and board members, to participate in the issue being carried out. To ensure that we comply with applicable laws and regulations, we will postpone the Q3 report which would otherwise prevent participation from persons within the Company for whom the closed period applies." – comments Carsten Drachmann, CEO of KebNi.

About KebNi AB

KebNi AB is a publicly traded company on the Nasdaq First North Growth Market stock exchange in Sweden, focused on becoming a leading supplier of reliable technologies, products and solutions for safety, location precision and stabilization.

The value KebNi bring to its customers is offering customized high-tech solutions that are reliable and stable. KebNi "brings stability to a world in motion".
