

Press release 2016-01-13

## Eight C-RAD systems ordered by U.S. customers

**C-RAD secured orders for Catalyst HD™ and Sentinel 4DCT™ systems from four customers in the U.S. The orders have a total value of approximately 7,9 MSEK.**

The orders are recognized as order intake during Q4 2015. Delivery for most of the systems is scheduled for the first half of 2016.

The Catalyst™ and Sentinel™ systems offer the required technology to perform the high-end treatment techniques within radiation therapy that are increasingly common in the U.S. With this dual solution C-RAD supports the whole 4D treatment chain from imaging to treatment delivery. Respiratory gated treatments are frequently used when the target volume is close to cardiac tissue or for special treatments in which the tumor position depends on the respiratory cycle.

“I am glad to see the positive development of our sales activities in many regions,” says Tim Thurn, CEO of C-RAD. “The investments we made to expand our footprint in our main markets is starting to show very good results. The influx of 2015 orders gives us confidence for a strong 2016.”

### *About C-RAD*

*C-RAD develops innovative solutions for use in advanced radiation therapy. The C-RAD group offers products and solutions for patient positioning, tumor localization and radiation treatment systems. End users are radiation therapy clinics worldwide. All product development is conducted in three fully owned subsidiaries: C-RAD Positioning AB, C-RAD Imaging AB and C-RAD Innovation AB, all of which are located in Uppsala, Sweden. Employees currently number 40. C-RAD's business originates from research and development at Karolinska Institutet in Solna, Sweden. Sales of the company's first product, the C-RAD Sentinel™, started in 2007. Cooperation agreements have been signed with Elekta (Sweden), Varian (USA) and IBA (Belgium). C-RAD is represented by distributors specialized in radiation therapy on major markets. C-RAD has established three companies for direct sales: C-RAD Inc. in the US, C-RAD GmbH in Germany and C-RAD WOFE in China. Cyrpa International SPRL, a Franco-Belgian laser company, is a wholly owned subsidiary whose operations are being integrated. C-RAD AB is listed on NASDAQ Stockholm.
