About KebNi AB (publ)

KebNi has a long history and extensive experience in maritime and land-based satellite antenna solutions as well as solutions for inertial sensor systems for motion detection. The company, headquartered in Stockholm, is focused on becoming a leading supplier of reliable technology, products and solutions for satellite communications, security, positioning, and stabilization. KebNi's products and solutions are aimed at government, military, and commercial customers. The company operates in a global market, directly and through a network of resellers.

KebNi currently has operations in two different product areas - satellite communication and inertial sensors. These are described in detail at www.kebni.com.

KebNi "brings stability to a world in motion".

The company's share (KEBNI B) is traded on the Nasdaq First North Growth Market. Certified Adviser is G&W Fondkommission, e-mail: ca@gwkapital.se, telephone: 08-503 000 50.

The information was submitted, through the care of the above contact person, for publication on December 21, 2021, at 08.30 CET.
