ASTG releases video interview with CEO, Carsten Drachmann

ASTG has released a video where CEO, Carsten Drachmann, explains the ASTG business and future direction.

"I saw the potential of ASTG's product portfolio and combined with growing markets, there is definitely a potential for the company to grow. I like working in high-tech environments with smart people, and I am very committed to do my utmost for the benefit of the company, our employees and our shareholders".

About Advanced Stabilized Technologies Group AB

ASTG includes the wholly owned subsidiary AIMS AB.

ASTG AB develops, manufactures and sells innovative 4-axes stabilizing VSAT antennas for maritime use. The company is also selling development projects based on C2SAT's antenna platform. AIMS AB develops and sells advanced inertial sensor units (IMUs) designed to measure movements in three dimensions.

The company's registered office is in Stockholm, Sweden.
