

ASTG Advanced Stabilized Technologies Group

Advanced Stabilized Technologies Group AB (ASTG)
Org.nr 556943 - 8442

Press release in English
November 25, 2019
(NGM:ASTG)

ASTG releases Investor Presentation

ASTG has released an Investor Presentation giving a general company overview and summarizing market opportunities and strategic direction.

This presentation is a general marketing presentation giving an overview of Advanced Stabilized Technologies Group AB (publ) ("ASTG") and the market trends. It does not constitute any form of commitment and the content is only guiding.

For the avoidance of doubt, this presentation does not constitute the baseline for the share issue, disclosed by ASTG on 24 October 2019. For information regarding the share issue, please see the dedicated prospectus, planned to be released latest on November 28. For financial reports and data, please see the regulatory disclosures made by ASTG on its webpage.

About Advanced Stabilized Technologies Group AB

ASTG includes the wholly owned subsidiary AIMS AB.

ASTG AB develops, manufactures and sells innovative 4-axes stabilizing VSAT antennas for maritime use. The company is also selling development projects based on C2SAT's antenna platform. AIMS AB develops and sells advanced inertial sensor units (IMUs) designed to measure movements in three dimensions.

The company's registered office is in Stockholm, Sweden.
