

Press release 2008-06-17

## Nordic radiotherapy meeting

**C-RAD AB with its three fully owned subsidiaries is active in the field of radiation therapy. The company exhibited at the combined Nordic radiotherapy meetings, NACP2008 and IGRT2008 in Århus, Denmark, that was held 4-7 June, 2008.**

C-RAD has attended the Nordic radiotherapy meetings in Århus, Denmark. This combined event included the NACP2008 and IGRT2008 meetings and an industrial exhibition covering both events. The NACP meeting was organized by the Nordic Association for Clinical Physics and is the main event for the radiotherapy society in Sweden, Denmark and Norway. C-RAD demonstrated its laser scanner system, Sentinel, and with this event C-RAD has established itself as a supplier of systems and solutions for advanced radiotherapy within the Nordic region. The demonstrations of the Sentinel gained great interest among the visitors and the benefits of the system was identified as a tool to offer increased accuracy in combination with a higher degree of efficiency in the workflow at a radiotherapy clinic.

Further information about:

NACP2008 - [www.nacp2008.dk](http://www.nacp2008.dk)

IGRT2008 – [www.igrt2008.dk](http://www.igrt2008.dk)

Erik Hedlund, CEO, C-RAD AB:

"The NACP2008 and IGRT2008 did give us a great opportunity to meet with many of our customers from the Nordic region. The response from the customers received at the exhibition was very positive and valuable contacts have been established. Once again we have received a strong confirmation of the Sentinel concept that enables higher accuracy and efficiency in advanced radiotherapy clinics."
