

Herantis Pharma applies for delisting regarding the secondary listing of its shares from Nasdaq First North Growth Market Sweden

Herantis Pharma Plc, Company release, 1 December 2022 at 11:30 EET

Herantis Pharma will be traded solely on Nasdaq First North Growth Market Finland under the trading code: HRTIS (ISIN code: FI4000087861)

Herantis Pharma Plc ("Herantis") developing disease modifying therapies for Parkinson's disease, has applied for delisting of its shares from Nasdaq First North Growth Market Sweden ("Nasdaq FN GM Sweden").

When adopting the decision on applying for the delisting, the Board of Directors considered the development of trading since the company listed its shares on Nasdaq FN GM Sweden in 2019, noting the low level of trading volumes as well as the small number of current shareholders holding their shares through Euroclear Sweden AB. The Company has also considered the additional costs related to maintaining this secondary listing for a company of its size as well as the administrative burden of complying with the listing rules of another market in addition to its home market in Finland.

The Company wants to remind Herantis' shareholders holding their shares through Euroclear Sweden AB that even while the listing of Herantis' shares on Nasdaq FN GM Sweden will be discontinued, such shareholders can continue trading in Herantis' shares on Nasdaq First North Growth Market Finland by first arranging for the cross-border settlement of their shares into the book-entry system maintained by Euroclear Finland Oy. In order to effectuate such cross-border settlement, the shareholders should contact their respective custodian or Herantis Issuing Agent Aqurat Fondkommission AB (info@aqurat.se) for more information.

The last day of trading on Nasdaq FN GM Sweden is expected to be January 31, 2023. More information about the delisting will be provided once Nasdaq Sweden has decided on the application.
