MilDef wins orders to FMV in the field of Command and Control Systems, worth SEK 63 million

MilDef has signed a new contract with the Swedish Defence Materiel Administration (FMV) for IT equipment and integration services in the field of Command and Control (C2) Systems for the Swedish Armed Forces. The order value amounts to SEK 63 million and deliveries will begin immediately.

The Swedish Defence Materiel Administration (FMV) procures, develops and delivers equipment and services to the Swedish Armed Forces. MilDef has collaborated with FMV since 1997 on tactical and rugged IT. The latest order provides the Swedish Armed Forces with parts in the Command and Control (C2) System area where MilDef will deliver products and integration services.

“We continuously contribute to FMV’s rearmament of the Swedish Armed Forces with our special focus on digitalization of defence capabilities, regardless of the platform involved, such as the maritime, land or air domain. The current order indicates an acceleration of volume orders from our Swedish and Nordic customers”, says Daniel Ljunggren, President and CEO of MilDef.

The information was submitted for publication, through the agency of the contact persons set out below, at 10:00 CET on November, 7, 2024.
