MilDef wins order for technology delivery to the Swedish Defence Materiel Administration

MilDef has won a new contract for tactical IT to the Swedish Armed Forces. The value of the delivery is SEK 17 million, of which approximately SEK 8 million will be delivered in 2022.

The Swedish Defence Materiel Administration, FMV, procures, develops and delivers materiel and services to the Swedish Armed Forces. MilDef has collaborated with FMV since 1997 on tactical IT. The new order will provide the Swedish Armed Forces with essential parts of the digital infrastructure and includes MilDef's own design and production of equipment such as switches and rugged computers in form factor 19"/2.

"We are proud to be part of the digitalization and modernization of the Swedish Armed Forces," says Evelina Hedskog, Managing Director of MilDef Sweden AB. "This important order underpins the trust the Swedish Armed Forces and FMV have in our products, services and systems."

The information was submitted for publication, through the agency of the contact persons set out below, at 09:00 CET on May 17, 2022.
