# MilDef subsidiary Westek signs contract with global defense company worth SEK 45 million

**Westek Technology, subsidiary of MilDef, continues growth with a contract award for deliveries of rugged IT equipment to a global and mission critical defense platform from a global, Tier 1 defense and security company. This marks the single largest order so far for Westek and deliveries will take place in 2026. Order value is SEK 45 million and further contracts into the program are expected to follow in 2025 and beyond.**

Westek Technology, part of MilDef Group since the acquisition of roda Computers GmbH in March 2025, has now signed a pivotal contract extension for rugged servers, with its long-time partner on the global defense stage. Westeks rugged products are designed and manufactured to operate reliably in the harshest of environments and include computer servers, workstations, integrated systems and peripherals.

*"We are proud to grow and deepen our MilDef/Westek collaboration with this global Tier 1 supplier. Our deliveries are vital components in mission critical platforms and showcase a true partnership and level of data driven defense capabilities. This is a very encouraging start to the joint MilDef and Westek journey," says Daniel Ljunggren, President and CEO MilDef Group.*
