

Precise Biometrics launches Tactivo™ for iPhone 5

Tactivo for iPhone 5 has been approved by Apple and is now ready for global launch.

Thomas Marschall, President and CEO of Precise Biometrics, says:

“We are pleased to announce that Tactivo for iPhone 5 now is ready for global launch. We are seeing an increased interest in Tactivo and with the launch of Tactivo for iPhone 5 we further expand our product offering.”

Together with apps and solutions from Precise Biometrics’ partners, Tactivo enables government agencies and companies to maintain a high level of authentication and security when employees use mobile devices to access sensitive information. Tactivo supports both traditional smart cards, such as the US Government PIV and CAC cards, as well as payment chip cards.

iPhone and iPad are trademarks of Apple Inc., registered in the U.S. and other countries
